In Memory of Marion Cinquemani Madden and John Mathew Madden

My beloved maternal grandparents

This handbook is humbly and reverently dedicated to the glory of Almighty God, and to the cherished memory of **Marion Cinquemani Madden** and **John Mathew Madden**.

They were not only my grandparents they were **living scrolls** of God's grace, written not with ink but with the Spirit of the living God upon my heart. Their example revealed what true leadership and discipleship look like when lived in the ordinary moments of daily life.

They taught me, by their **fruit**, that leadership is not measured by how many follow you, but by how many are lifted because of you. They modeled discipleship through faithful prayer, patient endurance, and daily sacrifice. They embodied love that healed wounds and mercy that restored dignity.

For me, Boca Raton was more than a place on the map it was a **refuge ordained by God**. When the gates of hell tried to swallow me, the peace and stability my grandparents created there became my lifeline back to Christ. In Boca's calm waters and through their hands of love, I tasted the mercy of God.

Their witness is the soil from which ChristInc Global was planted. Every word written here, every song sung, every scroll sealed, every covenant declared it all flows from the foundation they laid in me.

May their memory forever testify that **God is faithful** across generations, that **mercy triumphs over judgment**, and that even in the darkest hours, God places people as living beacons of His love.

Scriptural Seal

“Remember your leaders, who spoke the word of God to you. Consider the outcome of their way of life and imitate their faith.” Hebrews 13:7 (KJV)

Preamble. Why Creation groans for truth, not excuses

Romans 8:22 says “*The whole creation groans as in the pains of childbirth.*” Pollution is not just a technical issue. It is spiritual. When rivers are poisoned, when air is heavy with smog, when seas are fouled by waste — people suffer, animals suffer, and the glory of God’s creation is scarred. Excuses are easy, but intercession and honest advocacy are harder. This booklet seeks to unmask deception and equip believers to pray, act, and demand clean stewardship.

Prologue. The prayer that opened my eyes

I once stood by a river after a factory spill. Fish floated belly up. The smell burned the air. I prayed, “Lord, heal this water.” But I felt God reply: “*I heal through your*

hands, your voice, your witness.” From that moment, I learned that intercession without advocacy is incomplete. God calls us to cry out in prayer **and** to speak truth in the gates.

Chapter 1. Industrial Greenwash and Empty Pledges

Plays

- Corporations promise “net zero” but count offsets, not real cuts.
- PR campaigns about “eco-packaging” while production pollution climbs.
- International pledges signed, but deadlines quietly missed.

Defenses

- Ask for audited emission reports, not slogans.
 - Support watchdog groups that track actual pollutants.
 - Demand measurable results: ppm reduced, rivers restored, air cleared.
-

Chapter 2. Pollution Burdens on the Poor

Plays

- Toxic waste dumps near low-income neighborhoods.
- Developing nations used as dumping grounds for electronic and plastic waste.
- Communities without lawyers or lobbyists left with poisoned water.

Defenses

- Stand with frontline communities.
 - Push for environmental justice policies that protect the least powerful.
 - Support ministries that combine relief with advocacy.
-

Chapter 3. Plastic, Poison, and the Politics of Delay

Plays

- “Studies” funded by polluters that stall regulation.
- Politicians who take donations to water down clean air and water rules.
- Token bans on straws while tons of packaging escape reform.

Defenses

- Follow the money behind policies.
 - Support bans and redesigns that attack the biggest waste streams.
 - Educate youth to trace every product’s waste footprint.
-

Chapter 4. Farm, Factory, and Fossil Fuel Fog

Plays

- Farm runoff spreads nitrates and dead zones, but lobbyists block reform.
- Coal plants and mines leak mercury into rivers and seas.
- Factories relocate to countries with weaker laws to keep polluting.

Defenses

- Demand farm-to-market transparency about fertilizers and waste.
 - Track mercury and heavy metals back to their sources.
 - Support clean energy transitions with community safeguards.
-

Chapter 5. Intercession: Standing in the Gap

- Prayer walks at polluted rivers, factories, and landfills.
- Fasting for environmental justice, asking God to expose lies.
- Psalm 24:1 — “*The earth is the Lord’s, and everything in it.*” Declare ownership back to Him.

- Repenting for collective neglect and praying for new Daniels to rise in governance.
-

Chapter 6. Advocacy: Honest Scales in Policy and Practice

- Call leaders to Proverbs 11:1 standards: no false weights, no manipulated data.
 - Insist on community hearings where frontline voices are heard.
 - Use scripture as a moral anchor in advocacy campaigns.
 - Equip churches to speak on environmental bills and city planning.
-

Chapter 7. The Clean Stewardship Plan

Contracts: Public audits for pollution numbers.

Money: Redirect subsidies from fossil fuels to clean innovation.

Compliance: Enforce dumping, emissions, and pesticide laws.

Community: Train citizens as data gatherers and intercessors.

Faith: Pray for revival of stewardship and justice.

Chapter 8. Checklists and Scripts

NGO Checklist

- Who audits their claims?
- What percent of funds goes to actual cleanup?
- What measurable results?

Policy Script

Citizen: *What penalties fall on polluters, not just small businesses?*

Official: *We monitor them.*

Citizen: *Show me the enforcement logs and fines collected.*

Prayer Script

Believer: *Lord, forgive us for muddying Your waters. We declare rivers clean in Jesus' name. Raise leaders who will act with courage and truth.*

Chapter 9. Scripture Quick List

- **Genesis 2:15** — The Lord put man in the garden to work it and keep it.
 - **Proverbs 11:1** — A false balance is an abomination.
 - **Ezekiel 34:18** — Must you trample the pasture and muddy the waters?
 - **Revelation 8:9** — A third of sea life died — a warning.
 - **Romans 8:22** — Creation groans.
-

Closing

Pollution thrives on delay, denial, and deception. Intercession breaks chains in the Spirit. Advocacy breaks chains in the system. When God's people pray and act with truth, creation begins to breathe again.
